

# Janet

Bobby Caldwell

Tearin' me apart  
Somehow I just don't care  
She's playin' with my heart  
But Janet's so aware

And people tell me

She keeps tellin' you lies  
I guess they wonder how I stand it  
But when I look in her eyes  
I know it's love the way I planned it  
I believe in Janet

Janet  
They don't understand it  
The whole world must be wrong  
Gave my heart to Janet  
And she won't lead me on

There can never be  
Another girl like Janet  
It's only her and me  
Together on this planet

And people tell me

She keeps tellin' you lies  
I guess they wonder how I stand it  
But when I look in her eyes  
I know it's love the way I planned it  
I believe in Janet

Janet  
They don't understand it  
The whole world must be wrong  
Gave my heart to Janet  
And she won't lead me on

Why can't they see  
Without her there'd be  
No reason to go on  
As long as she stays with me  
I'll keep holding on baby  
I believe in Janet

Janet  
They don't understand it  
The whole world must be wrong  
Gave my heart to Janet  
And she won't lead me on

Janet  
They don't understand it  
The whole world must be wrong  
Gave my heart to Janet  
And she won't lead me on

Janet  
They don't understand it  
The whole world must be wrong  
Gave my heart to Janet  
And she won't lead me on

Janet  
They don't understand it
