## **Until You Come Back to Me**

## **Bobby Caldwell**

Though you don't call anymore I sit and wait in vain I guess I'll rap on your door, tap on your window pane I wanna tell you baby the changes I've been going through Missing you, missing you Till you come back to me that's all I'm gonna do

Why did you have to decide that you had to set me free, baby I'm gonna swallow my pride, begging you, please, please see me I'm gonna wait on your steps to prove that my love is true That's what I'm gonna do Till you come back to me that's all I'm gonna do

Baby, missing you is Like living in a world of misery But there must be a way to change your view And make it the way it used to be

I'm gonna rap on your door, tap at your window pane I'll be so hard to ignore, maybe you'll come back to me again And I'll keep ringing your phone until I get a hold of you Till I get through, believe me baby Till you come back to me that's all I'm gonna do

I wanna tell you baby the changes I've been going through Missing you, missing you Till you come back to me that's all I'm gonna do Till you come back to me that's all I'm gonna do

Till you come back, till you come back That's all I'm gonna do Yes that's all I'm gonna do till I hear from you That's all I'm gonna do Baby, baby, baby, baby, you That's all I'm gonna do That's all I'm gonna do
