That's Enough

Bobby Darin

Baby, if you want me to love you
Here's what you gotta do
You got to love me
You got to hug me
You got to kiss me
Oh, you got to miss me
You got to hold
Hold me in your arms
And that's enough
Well, that's enough

And baby if you want me for your man
Here's what you gotta understand
You got to squeeze me
Oh, you got to please me
Every day now
In every way
You got to hold
Hold me in your arms
And that's enough
Well, that's enough

Baby if you want to stay on my mind
You got to love your daddy all the time
I want my baby
Oh, I don't mean maybe
I want my baby
Come on drive me crazy
Just to hold
Hold me in your arms
And that's enough
Well, that's enough
Yeah
