

Cindy Don't Know

Bobby Pulido

There's a pretty little girl that's as fine as can be
My heart starts jumping when she is near
And does strange things that I can't explain

Everyone would say she's the sweetest thing
She is the kinda girl that a cowboy needs
Have her around when he's ready to settle down
I said so but Cindy don't know

No, Cindy don't know, I got a thing for her
She don't know she's the one I prefer
Give my heart, never be apart

But she don't know I think she's fine
She don't know I wish she was mine
I want her so but Cindy don't know

Cindy works down at the grocery store
Lately I like shopping more and more
And going through a line, one item at a time

And say your love can make a man do strange things
I never thought so but now I believe
I'd do anything to have her here with me
I guess it's so but Cindy don't know

No, Cindy don't know, I got a thing for her
And she don't know she's the one I prefer
Give my heart and never be apart

She don't know I think she's fine
She don't know I wish she was mine
I want her so but Cindy don't know

No, Cindy don't know, I got a thing for her
And she don't know she's the one I prefer
Give my heart and never be apart

And she don't know I think she's fine
And she don't know I wish she was mine
I want her so but Cindy don't know
I want her so but Cindy don't know
