

## Suzie Baby

**Bobby Vee**

Suzie baby, where are you?  
Have you left me for someone new?  
Is your lovelight shinin' bright?  
Will you love me or leave me tonight?  
Suzie baby, don't you know  
That I love you and want you so?  
Come back baby, come back home  
Say you'll love me and never again roam

Suzie baby, I love you  
Say you'll come back and love me too  
Since you left me, gone away  
I've been lonely, alone each day  
Suzie baby, where are you?  
Have you left me for someone new?

Suzie baby, don't you know  
That I love you and want you so?  
Someday baby, you'll be blue  
And you'll wish that you'd die for me too
