

Blindfold

Bodyjar

Did you hear what the tv told you about the raid today?
Did you believe every reason why they took our rights away?
I will not remain (silent) blind to the truth
And blinded by the television light
Did you read what the papers wrote about our set of laws?
They unify and discriminate, then hope that it is solved
I will not complain, who would listen to a small man?
Is there someone out there who will listen
And not give it to television
Who should listen?
Who's on our side?
