

# A Teardrop to the Sea

Bon Jovi

So this is it  
Here it is  
A pot of gold  
A Judas kiss  
I got what I wanted  
I paid every cost  
I'd give it all back  
To get back what I've lost  
Like a wave on the beach  
Last leaf on the tree  
It's all just a memory

Love pick me up  
I'm down on my knees  
My treasure just rags  
Wings that don't fly  
I ain't praying, I'm choking  
I'll fix what's been broken  
Got nothing to hide  
No time for goodbye  
Nobody grieves  
A teardrop to the sea

They shake my hand  
Pat my back  
They know my drink  
Welcome back  
The life of the party  
Tears of a clown  
Can't hear a heartbreak  
The music's too loud

Love pick me up  
I'm down on my knees  
My treasure just rags  
Wings that don't fly  
I ain't praying, I'm choking  
I fix what's been broken  
Got nothing to hide  
No time for goodbye  
Nobody grieves  
A teardrop to the sea

It's just broken glass  
Chalk lines on the scene  
Move along, move along  
Ain't nothing here to see

Oh, love pick me up  
I'm down on my knees  
My riches just rags  
Wings that don't fly  
I ain't praying, I'm choking  
I fix what's been broken  
Got nothing to hide  
No bitter goodbyes  
Oh, love pick me up

Oh, love pick me up  
Nobody grieves  
A teardrop to the sea  
A teardrop to the sea  
  
A teardrop to the sea
