

# What About Now

Bon Jovi

You wanna start a fire  
It only takes a spark  
You gotta get behind the wheel  
If you ever gonna try that car  
If you wanna take a bite  
You better have the teeth  
If you want take that step  
Then get up of your knees

Cause tonight, we're alive

Who stand for the restless  
And the lonely, for the desperate  
And the hungry  
It's time for the count  
I'm hearing you now  
For the painful, the believers  
For the faithless and the teachers  
Stand up and be proud  
What about now

You wanna start a fight  
You gotta take a swing  
You gotta get your hands in the dirt  
To see what the harvest will bring  
You wanna raise your voice  
Don't be scared to breath  
Don't be afraid to hurt  
Don't be ashamed in me

Cause tonight, we're alive

Who stand for the restless  
And the lonely, for the desperate  
And the hungry  
It's time for the count  
I'm hearing you now  
For the painful, the believers  
For the faithless and the teachers  
Stand up and be proud  
What about now

Believe for like reasons that shift trough the season, still dreams are just  
bend, dark and grey  
And all of your plans that slip right trough your hands are just sins that y  
ou take to your grave

Tonight, we're alive

Who stand for the restless  
And the lonely, for the desperate  
And the hungry  
It's time for the count  
I'm hearing you now  
For the painful, the believers  
For the faithless and the teachers  
Stand up and be proud
