

# The Price of Loving You

Bonfire

running for her something  
looking for someone  
that's why I needed you so badly  
searching such a long time you head on me life lie  
then you hurt me like a hammer  
woooooooooooooo  
I can't take it anymore  
I can't live with you I'm without you  
It's the price of loving you  
I don't know the fake on me truth  
I'm being the price of loving you  
All I know is that I want you  
I want youuuuuuuuu  
Signed baby you brake me  
You play with my witness  
- - - - -  
devil just like an angel  
you tast just like heaven  
But your love is poison  
No, my damn baby
