

Exhibit B

Boogie Down Productions

History can never be made by one man we must smash this one quickly

History is made only by the masses of the people this is clear

Even a cursory glance at the falasfallacious presentation of history by the American capitalist system will demonstrate just this

Take George Washington as bad as he is

Put him in the middle of Valley Forge by himself surrounded by the British he can do nothing

Mhm hmm hmm

Take Martin Luther King as righteous as he is

Put him in the middle of Birmingham by himself, speaking out against racism

He would be lynched

But you take this same King, you take this same Washington

Put them in Valley Forge, put them in Alabama

Surround them with thousands of people who have the same ideas they do

Willing to make those ideas reality and the situation changes drastically
