

Who's That Girl

Booty Luv

La la la la la la la
La la la la la la la
La la la la la la la
La la la la la la la
Who's that girl?

She'll blow your mind
Steal your heart
She'll make your world
Fall apart

Before you know it
She's pulled you into the deep end
(The deep end)

Cause there's something 'bout
The way she wears her style
You can try but you can't resist
She'll drive you wild

She's a honey
Everybody wants
To know just what she's doing
At the weekend
(Who's that girl?)

Cause she's got it
And she wants it
How she rocks it
When she pops it
Boy you need it
(Who's that girl?)

The girls around the way
Are envious
Boys just wanna play
It's ridiculous

You can't escape
The magic
She'll put the spell on you
Won't know what to do

Cause there's something 'bout
The way she wears her style
You can try but you can't resist
She'll drive you wild

Who's that girl?

She's a honey
Everybody wants
To know just what she's doing
At the weekend
(Who's that girl?)

Cause she's got it

And she wants it
How she rocks it
When she pops it
Boy you need it
(Who's that girl?)
