

Are You Sure Now?

Borgore

You're sure you wanna take me home?
Are you sure now?
I'm certain you got a heart of gold
My heart is stone now
You want somebody who loves you,
I want somebody who knows I won't stay
You said you wanna take me home
Are you sure now?

Are you sure now?
Are you sure now?
Are you sure now?
Are you sure now?
Let's get it, let's get it, let's get it, let's get it
Let's get it, let's get it, let's get it, let's get it
Let's, let's, let's, let's, let's, let's, let's, let's...
Let's get it!

Are you sure now?
Are you sure now?

You're sure you wanna take me home?
Are you sure now?
I'm certain you got a heart of gold
My heart is stone now
You want somebody who loves you,
I want somebody who knows I won't stay
You said you wanna take me home
Are you sure now?

Are you sure now?
Are you sure now?

You said you wanna take me home
Are you sure now?
I'm certain you got a heart of gold
My heart is stone now
You want somebody who loves you,
I want somebody who knows I won't stay
You said you wanna take me home
Are you sure now?
