

Blow Your Mind

Borgore

I think you're beautiful
Girl you hypnotize me
Body's out of sight
So come over tonight
I will blow your mind

I think you're beautiful
Girl you hypnotize me
Body's out of sight
So come over tonight
I will blow your mind

So come over tonight
I will blow your mind

I think you're beautiful
Girl you hypnotize me
Body's out of sight
So come over tonight
I will blow your mind

I think you're beautiful
Girl you hypnotize me
Body's out of sight
So come over tonight
I will blow your mind

So come over tonight
I will blow your mind
