

Playing God

Boston Manor

I'll smoke them out, I'll send them running
I'll make my name, I'll become something
Because it's up to me, it's up to me to do the dirty work

Call off the dogs I can see through the fog
And I'll kill cause I want to
Call off the dogs or I'll keep playing God
And I'll kill cause I want to

I'll smoke them out, I'll make them afraid of me
I won't hold back, cause the whole worlds gonna see
Because it's up to me, it's up to me to do the dirty work

Call off the dogs I can see through the fog
And I'll kill cause I want to
Call off the dogs or I'll keep playing God
And I'll kill cause I want to

Because it's up to me, it's up to me to do the dirty work

Call off the dogs I can see through the fog
And I'll kill cause I want to
Call off the dogs or I'll keep playing God
And I'll kill cause I want to
