

Almost

Bowling For Soup

I almost got drunk at school at 14
Where I almost made out with the homecoming queen
Who almost went on to be miss texas
But lost to a slut with much bigger breastes
I almost dropped out to move to LA
Where I was almost famous for almost a day

And I almost had you
But I guess that doesn't cut it
Almost loved you
I almost wished u would've loved me too

I almost held up a grocery store
Where I almost did 5 years and then 7 more
Cuz I almost got popped for a fight with a thug
Cuz he almost made off with a bunch of the drugs
That I almost got hooked on cuz you ran away
And I wish I woulda had the nerve to ask you to stay

And I almost had you
But I guess that doesn't cut it
Almost had you
And I didn't even know it

You kept me guessing and now I guess that
I spent my time missing you
I almost wish you would've loved me too

Here I go thinking about all the things I could've done
I'm gonna need a forklift cuz all the baggage weighs a ton
I know we've had our problems I can't remember one

I almost forgot to say something else
And if I cant fit it in I'll keep it all to myself
I almost wrote a song about you today
But I tore it all open and I threw it away

And I almost had you
But I guess that doesn't cut it
Almost had you
And I didn't even know it

You kept me guessing and now I guess that
I spent my time missing you
And I almost had you

I almost wish you would've loved me too
