

I Am Waking Up Today

Bowling For Soup

My life is skipping like a broken record
I keep repeating all the same mistakes
I used to get caught up in all the wreckage

But I am waking up today

The day you left I thought the world was ending
I lost myself in all the misery
And now I'm picking up the scattered pieces

And I am waking up today
I am waking up today

I'm not the guy you know
This is me 2.0
I got off track but I'm never going back

I am waking up today
I am waking up today
Something's happening inside of me
'Cause I am waking up today
I am waking up today

I take a look at all the people around me
It's hard to tell a friend from enemy
Everyone tries to tell me who I should be

But I am waking up today

What do you see when you look in the mirror?
Are you living how you wanna be?
I'm gonna face the day with eyes wide open.

I am waking up today
I am waking up today

We were the walking dead
Get your ass outta bed
We got off track but we're never going back

I am waking up today
I am waking up today
Something's happening inside of me
'Cause I am waking up today
I am waking up today

Hey, hey
Hey, hey
Hey, hey
Hey

I am waking up today
I am waking up today
Something's happening inside of me
'Cause I am waking up today
I am waking up today
I am waking up today

Something's happening inside of me
'Cause I am waking up today
I am waking up today
