

You Found Another Guy

Boy George

You found another guy tell
Me why
You found another guy
Why didn't you tell me that
You didn't want me
In the beginning things were
Just fine
I was so romantic I thought
You were mine
I was so happy now I'm
Depressed
I'm so tired of this loneliness
You packed you bags then
You went away
I haven't seen you since that
Cold cold day
I gotta have you back no
Matter what it takes
So tell me why girl you found
Another guy
I've been walkin around
Things ain't the same
Since you been gone I'm feeling
This pain
In my hart it's so strong
Please come home
I've been waiting for you all
Night long
