

Love's Subtle Scheme

Boy Hits Car

You've got to believe
That what you feel
And not what you see
Have you ever been so low?
That you are numb from head to toe?
Like all you want to do is cry
But you've gone completely dry inside
Will this hurting's now subside?
As the moon pulls on the tide
Wave of confusion for life
All through in and satisfied!
I think there's a bird in me
Is it love or insanity?
One day you'll learn to believe
In love's very subtle scheme
Ho-oh-yeah
All year it's like we fought a war
Time to lay down all our swords
Take my hand we'll make a song
That can provoke our love
Cause so how I want to feel you
Like a current electrify anew
And this is all just you say?
That soon they'll become a day
I feel there's a bird in me
Is it love or insanity
One day you'll learn to believe
In love's very subtle scheme
So is it you and me?
Squeezing my heart till it bleeds?
Well fuck you if you don't believe
In love's very subtle scheme
Whoa you got to believe
In love's subtle scheme
She has found me
And now it's bound me
Your love defines me
But is it love or insanity?
Whoa-oh
Insanity
Whoa-oh
Insanity
I have never felt such confusion
Whoa-oh
I'm swallowed by the solution
Insanity
Is it you who defines me?
Whoa-oh
In love's subtle scheme
Insanity!
There's a bird in me
Is it love or insanity?
One day you'll learn to believe
In love's very subtle scheme
So is that you and me?
Squeezing my heart till it bleeds?
Fuck you if you don't believe

In love's very subtle scheme
You got to believe
In what you feel
And not what you see
