

# The Shot Heard 'Round the World

Boys Like Girls

I used to hideaway and only try to save myself  
From falling in love, or staying up on the shelf  
I was afraid to walk the streets alone, or by your side  
Just waiting up for something that could save my life

But there's the way out  
Stuck inside my head now  
Headed for a break down  
When I should be headed for the door

'Cause I found out there's no such thing as  
A miracle, a miracle  
N' no you can't hide  
It's the shot heard 'round the world  
Lights out  
There's no such thing as  
A miracle, a miracle  
B' baby, don't cry  
It's the shot heard 'round the world

If we could light up every street with our cellular phones  
Then maybe we can save ourselves, or maybe we won't  
But, it doesn't even matter if we got a plan  
As long as you're holding on to somebody's hand

Because the way out's  
Stuck inside your head now  
But I know we can break out  
If we can all just step outside the door

'Cause I found out there's no such thing as  
A miracle, a miracle  
And I know you can't hide  
It's the shot heard 'round the world  
Lights out  
There's no such thing as  
A miracle, a miracle  
But, baby, don't cry  
It's the shot heard 'round the world

I'm gonna kiss the sky tonight  
Maybe you should try it  
I'm gonna learn to fly tonight  
And you're invited  
'Cause all the things that we've become  
Are making me so fucking numb  
And this time I have had enough  
Goodbye, and say hello to the end of the world

I found out there's no such thing as  
A miracle, a miracle  
And I know you can't hide  
It's the shot heard 'round the world  
Lights out  
There's no such thing as  
A miracle, a miracle  
But, baby, don't cry

It's the shot heard 'round the world

Lights out

There's no such thing as

A miracle, a miracle

But, baby, don't cry

It's the shot heard 'round the world
