

# Talk

Boyzone

You're standing on my toes at shoulder high  
Careful when you talk you're never shy  
How you toss your hair in a bun so slow  
I wonder what you keep behind the smile  
Say it's hard to sleep but just sometimes  
I wonder if you tonight when I go

When you said something  
You never did regret that you kept your heart so safe  
Under your skin

Tell me can you hear can you hear that sound  
Coz the beat the beat beat from my heart is loud  
And oh oh  
Needs to talk  
Can you feel can you feel that bang  
Coz the beat the beat beat from my heart is fast  
And oh oh  
Needs to talk

Saying all these words don't mean a thing  
We should open up to know therein  
I know where you are or when you'll call

When you said something  
You never did regret you kept your heart so safe  
Under your skin

Tell me can you hear can you hear that sound  
Coz the beat the beat beat from my heart is loud  
And oh oh  
Needs to talk  
Can you feel can you feel that bang  
Coz the beat the beat beat from my heart is fast  
And oh oh  
Needs to talk

Oh  
Needs to talk  
Oh  
Needs to talk

Tell me can you hear can you hear that sound  
Coz the beat the beat beat from my heart is loud  
And oh oh  
Needs to talk  
Can you feel can you feel that bang  
Coz the beat the beat beat from my heart is fast  
And oh oh  
Needs to talk

Oh  
Needs to talk
