

The Motivation

Brad Sucks

I was waiting for some kinda sign
Some kinda indication I was wasting my time
I got myself up out the basement
I faked it long enough to say I made it
I was patient, I put up a fight
I kept saying to myself, oh the future is bright
I confronted everything that I was faced with
And put it off another day
I don't know why I don't start but I can't quite
Seem to open up the communication
I wanna try so hard but I can't find
Anything to give me the motivation
I took medication, went under the knife
I tried to straighten up, I even took your advice
I honestly and humbly engaged in
My slow and steady rehabilitation
I hesitated, what a surprise
And then I think I kinda took my eye off the prize
Spending all the time I shoulda wasted
If I'm gonna throw it all away
I don't know why I don't start but I can't quite
Seem to open up the communication
I wanna try so hard but I can't find
Anything to give me the motivation
You've come a long way just to leave all of this behind
If you hold on too long it only gets harder to decide
Before you're gone why don't you try living your best lie
You're only looking the other way 'cause the future's still too
bright
I don't know why I don't start but I can't quite
Seem to open up the communication
I wanna try so hard but I can't find
Anything to give me the motivation
