

# I'm Glowing And You're The Reason

Braid

today  
i listed all my wants and needs  
and i checked them off as i thought of us  
dont throw this away  
dont throw me away  
we've got enough time to last a lifetime

it's snowing out of season  
and you're the reason  
its snowing out of season  
listen to my heart

should have shook your hand  
instead of holding it  
should have been sleeping  
now i miss you more than i would ever
