

## Motion Light

Braid

Action: gravity gives it away  
(and proximity)  
And when you add electricity  
A motion light give it away  
Everyone watches as  
I do it again  
Rain and even sliding glass  
I wished times before  
Now i hear a door

Hit the floor  
I swear i'll stop  
If only tonight  
I don't stand motionlight  
(tristabrand don't tempt me)

I'm in the house  
I'm on the couch  
I'm speechless in the arms  
Of gravity
