

Aberrant Mutation

Brain Drill

Movement and stirring
thrashing beneath the surface
of the muck and ooze
The creature rises from the swamp

Not human or animal
Limbs twist and convulse
An unknown species evolves

Aberrant mutation

Rise - being of obscurity
eyes - glowing through the trees

Slowly and thoroughly
digesting your corpse
It twists and changes form

Rise - being of obscurity
eyes - glowing through the trees

Drooling, it sheds it's skins
raging, it's hunt begins
finding, it now consumes your flesh...

Growing, expanding,
it's eyes see more

Rise - being of obscurity
eyes - glowing through the trees

Aberrant mutation

Rise - being of obscurity
eyes - glowing through the trees

Growing, expanding,
it's eyes see more...
