

Faith Hope Love Repeat

Brandon Heath

I wanna build four walls, keep you safe inside
I catch you when you fall, don't wanna see you cry
When you walk down the street, make you hold my hand
I wanna lift you off your feet, be your superman, superman

I wanna take you for a ride, when you cannot sleep
Brush your hair to the side, kiss you on your cheek
I wanna stay up all night, making sure you breathe
Oh, my God what a gift, He has given me

I brought you into this world
And I'm sorry it's a little bit crazy
But I tell you there's so much good
Though the future looks a little bit hazy
'Cause He got me, in Him I will promise
He will give us everything that we need
So have faith, hope and love
Faith, hope and love, repeat
Faith, hope and love, faith, hope and love
Faith, hope and love, faith, hope and love

I wanna show you the world, climb the mountaintops
Watch you dance in the rain, I hope it never stops
Whatever tomorrow brings, I hope it brings you joy
And when it's all too much, I'll hold you in my arms

Yeah, I brought you into this world

And I'm sorry it's a little bit crazy
But I tell you there's so much good
Though the future looks a little bit hazy
'Cause He got me, in Him I will promise
He will give us everything that we need
So have faith, hope and love
Faith, hope and love...

But there will be days when you lose your faith
And there will be nights when you give up hope
Disappointment and pain, and you flirt with the shame
So you call me from the end of your road
And I'll give you whatever I have
But there's only one thing you'll need
And that's love, I give you my love
My love, I give you my love

Yeah, I brought you into this world
And I'm sorry it's a little bit crazy
But I tell you there's so much good
Though the future looks a little bit hazy
'Cause He got me, in Him I will promise
He will give us everything that we need
So have faith, hope and love
Faith, hope and love, repeat
Faith, hope and love, faith, hope and love, repeat
Faith, hope and love, faith, hope and love, repeat
