Do you have a request book handy, I can flip through?  
I do, he said my name is Rodney, good to meet you  
What do you wanna hear tonight he asked me?  
He says that I can feel inside  
I've got what you need to know exactly  
Why don't we give this a try?

Play me a song about heartache  
I promise I can sing every word  
(Mr. Piano Man)  
Play me a song about love lost  
That's another one everyone's heard  
Strike up the band

We can have the whole world singing tonight  
We can have the whole world singing tonight  
We can have the whole world singing tonight  
We can have the whole world singing tonight  
(Mr. Piano Man)

He played a song filled with sadness, I believed him  
Even though, we're strippin' with madness, I could see it  
We were lost in the music, everyone knew it  
Truth was in the air tonight  
I could see all the faces, they thought the same  
Won't you please?

Play me a song about heartache  
I promise I can sing every word  
Play me a song about love lost  
That's another one everyone's heard  
Strike up the band

We can have the whole world singing tonight  
We can have the whole world singing tonight  
We can have the whole world singing tonight

He was going for hours, people crying showers  
No one ever really told how it is  
I sang about hopeless 'cause everyone knows it, knows it  
And it was so honest

Finally breathing some clean air  
Been through it and seen there  
I put my star to fame  
Now the spotlight was fading, he just kept on playing

Play me a song about heartache  
I promise I can sing every word  
(Mr. Piano Man)  
Play me a song about love lost  
That's another one everyone's heard  
Strike up the band

We can have the whole world singing tonight  
We can have the whole world singing tonight  
We can have the whole world singing tonight
