

# Who I Am

Brandy

Thank you  
For all the tears  
All the tears all the stress  
Your the best  
I feel blessed  
Im a better woman now  
Look how I smile  
All you did was help the next man  
This experience made  
Me who I am

I tried to make me love ya  
i tried to make me stay  
But every time i tried  
Myself and i got in the way  
Just for the sake of my daughter  
I tried to stick to the plan  
But i had to get rid of the weight  
On my fourth finger, left hand  
To every body listening  
Sorry if your disappointed  
See the life i chose was only what  
I thought i wanted  
Nothings picture perfect  
Looks can be deceiving  
What i thought was love  
Was something that i did not believe in

Thank you  
For all the tears  
All the tears all the stress  
Your the best  
I feel blessed  
Im a better woman now  
Look how I smile  
All you did was help the next man  
This experience made  
Me who I am

I always had the feelin'  
That baby boy was cheatin'  
I kept tellin' myself  
If you aint happy Bran just leave him  
I wasn't raised to quit  
Cause quitters never win  
But what do you gain  
If you feel incomplete within?  
Sick of all the questions  
All the whats and whys  
"What happened?"  
"Why'd ya'll break up?"  
"Why we never see you cry?"  
But do you know how it feels  
To hurt behind closed doors  
When you go outside  
You wonder why your smiling for

Thank you  
For all the tears  
All the tears all the stress  
Your the best  
I feel blessed  
Im a better woman now  
Look how I smile  
All you did was help the next man  
This experience made  
Me who I am

Now that its over i can live  
Now all you had belongs to him  
My heart is open like a book  
And everything he eats, i cook  
What i am to him, he is to me  
We are eachothers everything  
But if i would have stayed with you  
I wouldnt have it like i do

Thank you  
For all the tears  
All the tears all the stress  
Your the best  
I feel blessed  
Im a better woman now  
Look how I smile  
All you did was help the next man  
This experience made  
Me who I am
