

Pagan Baby

Bratmobile

When every breath is for you
Every mistake too
I stay up late at night
To think of ways to impress you
I'm struggling to have impact
On the scale of my dreams

When you call me
When you wake me up
It's not over
I'll just sit and listen to your record

Let's fight in the bathroom
And walk to some hotel
In Paris in the summer
But we survived it well
What will it take for us to know?
We will always rule together

When you call me
When you wake me up
It's not over
I'll just sit and listen to your records

Send me everything
Forever
And I'll always
Listen to your records
