

Medicate

Breaking Benjamin

I got somethin' up my sleeve
I know you will cover me
Inside out and in between
I know you will cover me
I've got bruises on my knees
I know you will cover me
Inside out and in between
And I know you will cover me

[Chorus:]
Run away
Make hate
And get laid
And get laid
You tie me up
I've had enough
So medicate
Medicate

I'm already incomplete
I know you will cover me
Looking by your empathy
I know you will cover me
I've been lyin' here for weeks
I know you will cover me
Inside out and in between
And I know you will cover me

[Chorus 3x]
