

Open Wide

Breaking Point

It's so nice to see you
It's so nice to remain here
Your life's been a strange ride
Taking sides
I can reach your mind
It's all so, it's so clear now
Must you refrain, no!
So open wide
I won't deceive you
Cause I have nothing to say to you
Your thoughts are racing
Ride
Taking sides
I can reach your mind
It's all so, it's so clear now
Must you refrain, no!
So open wide
I want to bait you, I want to draw you near
Now, your thoughts are racing
Ride
Taking sides
I can reach your mind
It's all so, it's so clear now
Must you refrain, no!
So open wide
