

No Time For Time

Brenda Russell

Time, got no time for time
All that's on my mind
Is lovin' you

Care, got no care for cares
Long as you are there
My dream come true

And now I leave the world behind
When your kiss is mine
Got no time for time

We are two who are breathless
Reaching out 'cross a midnight sky
All I know is I'm no longer restless
Didn't know it was just letting go of time

Got no time for time
All that's on my mind
Is lovin' you

And now, I leave the world behind
When your kiss is mine
Got no time for time

In your eyes there's a strangeness
I know I've never seen before
All I know is it's totally painless
And I can't help but wanting and wanting more

Got no time for time
All that's on my mind
Is lovin' you
