Easy On You

Brendan James

I miss the one that I was on the day I met you
You miss the care and the trust of a common man
A place to take in a breathe and a hallelujah without a plan
I wish there was a word for the way I love you
I'd speak it now and again in a hundred years
Without the action words mean nothing to you
So I am here

Wake me up when the trees on the interstate rise so high they b
ury all my mistakes
I wanna make this easy on you baby, baby
Say, take me down where the fog on the everglade burns so high
it fires up my old ways
I wanna make this easy on you baby, baby
Say Oh oh oh oh
I wanna make this easy on you baby, baby

I dreamt that I was the one who could bring you comfort
A place to hide when the rain and the clouds rolled through
But like it seems such a dream where the best is always coming
true

Wake me up when the trees on the interstate rise so high they b
ury all my mistakes
I wanna make this easy on you baby, baby
Say, take me down where the fog on the everglade burns so high
it fires up my old ways
I wanna make this easy on you baby, baby

Wake me up where the trees on the interstate rise so high they
bury all my mistakes
Take me down where the fog on the everglades burns so high it f
ires up my old ways
Wake me up when the trees on the interstate rise so high they b
ury all my mistakes
I wanna make this easy on you baby, baby

Say, take me down where the fog on the everglade burns so high
it fires up my old ways
I wanna make this easy on you baby, baby
Oh

I'll make this easy on you baby
Easy on you, I'm gonna make this easy on you
I'll make this easy on you
Gonna make this easy on you
I'll make this easy on you
Gonna make this easy on you

I'll make this easy on you
Oh oh oh oh

I'll make this easy on you
Oh oh oh oh
