I want love. Gotta have alot of love. Gotta have a whole lotta love from-a you little girl. Gotta have a lotta love from-a you little girl a-right now. Tonight I was thinking, about how we used to be Hoping and praying you'd come on back to me. I want love. Gotta have alot of love Gotta have a whole lotta love from you little girl Gotta have a whole lotta love from you little girl a right now. Last night I was sleeping. My arms started reaching Searching around for you. To hold you like I used to do . I want love. Gotta have alot of love. Gotta have a whole lotta love from a you little girl Gotta have a whole lotta love from you little girl a right now. I-I-I want love. Baby I need love. And I want love. Ooohhh OOohh love from you
