

# Last Dance

Brian McKnight

Oh yeah

Fa, la, la, la  
Fa, la, la, la  
Fa, la, la, la, la, hey  
Fa, la, la, la  
Fa, la, la, la  
Fa, la, la, la, ooh

Do I know more than we knew then?  
Or do we know less and we just pretend  
Your brought out my heart and walked away  
Your eyes tell me more than words could ever say

- Should we take a chance  
And dance the last dance?  
Should we spend the night  
One last time  
Caught up in this romance  
Or maybe wait and see, let it be  
The way that it will be  
Should we take a chance  
And dance the last dance

How can I be wrong?  
When I feel the way I feel  
How can I deny, emotions that's so real  
In the middle of the night  
I call out your name  
Do I ever cross your mind?  
Do you feel the same?

Let me go, come to me  
Which way is the way it should be  
This is so bittersweet  
There's no way that we can love enough to show  
If we take the chance

[Repeat 1 till end]
