

To Be Loved

Brian Setzer

To be loved
And not to be alone
This is our chance for love dear
And so come here to me

To be loved
And to be loved forever
Let's make a vow to never ever part

You'll be mine in the mornin'
Oh yeah be mine in the night
And we'll always
I mean always be together
Because our love, yes our love will be right

To love...
And to be loved forever
Let's make a vow to never ever part
