

Cinco De Mayo

Brian Wilson

Down on Olivera Street a Mexicano cry
A grito, te quiero, te quiero, te' adoro
This is where the Anglo gets his Latin lover's sigh
Adios muchachas y bolero, and goodbye

Salsa rumbles rafters in a chop shop filled with cars
Custom shopped and channeled with a drag race in their stars
City of angels, be all you can be
Be movies, be A-list, be seen just to see your part
Repeat, the heartbeat in LA
