

# Forever She'll Be My Surfer Girl

Brian Wilson

Summer '61

A goddess became my song  
Fell in her ocean eyes  
As endless as the sky

Forever she'll be my surfer girl  
Forever she'll be my surfer girl  
My little one

First love is the moment  
You can't repeat, but you'll always own it  
The gift she gave to me  
Her timeless melody

Forever she'll be my surfer girl  
Forever she'll be my surfer girl  
My little one

So sweet  
Now there's all kinds of music  
So sweet  
And don't you know the truth is  
So sweet  
You were my special lover

So sweet  
You were my baby grand  
So sweet  
Such a sweet ballad and  
So sweet  
Sweet voices right from heaven  
Radio seven

So long, so long ago  
Two waves gently say hello  
We'll never say goodbye  
Where the horizon lies

Forever she'll be my surfer girl  
Forever she'll be my surfer girl  
My little one
