

Livin' On A Dream

Britny Fox

You see your face inside a mirror
Tell me what you see
Chasing dreams you have to hold on
That's the way you do your thing, yeah

You're livin' on a dream, is what you do
Livin' on a dream, you hold on to
You're livin' on a dream, is what you choose

You say you want all the big lights
They said you're dreaming and
Just hold on tight to what you're thinkin'
You're gonna reach it to a star, a star, yeah.

You're livin' on a dream, is what you do
Livin' on a dream, you hold on to
You're livin' on a dream, is what you choose

Livin' on a dream, is what you do
Livin' on a dream, you hold on to
You're livin' on a dream, is what you choose
Livin' on a dream

You're livin' on a dream, is what you choose
Livin' on a dream
You're, you're, you're livin' on a dream, is what you do
Livin' on a dream
