

Hanging On

Britt Nicole

You see my anxious heart
You see what I am feelin'
And when I fall apart
You are there to hold me

How great Your love for me
Now I see what You're thinkin'
You say I'm beautiful
Your voice is my healin'

Without You I just can't get by
So I'm

Hangin' on to every word You speak
'Cause it's all that I need
Hangin' on to every word You say
To light up my way

Even every little whisper
I'm hangin' on as if it were my life
I'm hangin' on

And when the darkness falls
I can't see what's before me
Your voice is like the dawn
Always there to guide me

Without You I just can't get by
So I'm

Hangin' on to every word You speak
'Cause it's all that I need
Hangin' on to every word You say
To light up my way

Even every little whisper
I'm hangin' on as if it were my life
I'm hangin' on

You know me better than I know myself
Better than anybody else
Your love is soundin' like a ringin' bell
Oh, oh, I won't let go

Hangin' on to every word You speak
'Cause it's all that I need
Hangin' on to every word You say
To light up my way

Even every little whisper
I'm hangin' on as if it were my life
I'm hangin' on

Hangin' on to every word You speak
'Cause it's all that I need
Hangin' on to every word You say
To light up my way

Even every little whisper
I'm hangin' on as if it were my life
I'm hangin' on
