

## Life Is A Bubble

Broder Daniel

It all crumbles  
Everything crumbles in time  
Oh close friends  
When you have a close friend  
It will crumble  
Everything crumbles in time  
Oh it's so hard to get by,  
Without a cause  
Makes it hard to get by  
What you have  
What you have will crumble  
It's a ruin  
It's a ruin in me  
Life is just a bubble yeahiyeah  
It's just a bubble wowowow  
It's just a bubble in time  
Nothing lasts  
Nothing lasts  
It all crumbles  
Everything crumbles  
Oh, we spend our time,  
Watching days go by  
We just watch them pass
