

# All to All

## Broken Social Scene

Call of forgiveness  
I'm like the beat of the hurt  
I'm not the only one  
You tried to save when you fell out

Call of forgiveness  
I'm like the clean in the dirt  
I'm not the only one  
You tried to save when you fell out

Try, wait  
You made your life on everything  
Hard, made  
You made your life on everything

Try, wait  
You made your life on everything  
Long, fade  
You made your life on everything

Call of forgiveness  
I'm like the heal of the hurt  
I'm like the only one  
You tried to save when you fell out

Call of forgiveness  
I'm like the queen of the dirt  
I'm like the only one  
You tried to save when you fell out

It's like the common law  
Was wall to wall and almost faded  
I've seen the gone to small  
The lost of law, the almost made it  
It seems like mine to shine  
You'll always find the lonely ray

It's like the wall to fall, the fall of all  
The laws are graded  
I've seen the lies that call  
The pictures tall, the lines are made in  
It's like the fight to crawl  
My darling, all you've lived your age

I know it's all to all, all to all ultimatum  
It's like the all to all, all to all ultimatum  
It's like the all to all, the all to all the ultimatum

I know it's all to all, all to all ultimatum  
Just like like the all to all, all to all ultimatum  
It's like the all to all, the all to all the ultimatum

You made your life on everything  
You made your life on everything
