## Broken Social Scene

(Check it)

Disappear like I come in your world  
Five is a number that I dream about  
It looks like it could've been time  
But that is a word that I dream about  
Oh, felt good to fall life down  
Oh, I think you like it, laughed when you came down  
Oh, I love the lights that don't turn you to face it  
Oh, you can marry my mom but  
But you can't get the feel

Hotel

Disappear like a corner in the wall  
Five is a number that I dream about  
Sleep looks like a mescaline sun  
But calm is a word that I dream about  
Oh, felt good to fall life down  
Oh, I think you like it, laughed when you came down  
Oh, I love the lights that don't turn you to face it  
Oh, you can marry my mom but  
But you can't get the feel
