

# Sunshine

Brokencyde

We've been in love in the middle of September,  
Took a piece of my heart in December,  
Then you ripped it apart I remember,  
Now I'm gonna let you know, ohhh.

You even said fuck your mum your a phoney,  
You fucking bitch you shouldn't of fucking told me,  
To get you out of my head, you are my only,  
Bitch you shouldn't of did me wrong.  
(cause now you got that..)

We will never love until we're fucking dead  
And we will never love you

And we will never love,  
And we will never die,  
I fall asleep until I'm walking on sunshine,  
And we will never love,  
And we will never die,  
I fall asleep until I'm walking on sunshine.

You got me running in circles I'm on empty,  
I want to let you go, but you won't let me,  
If you want a piece of my heart then come and get me,  
I'mma never let you go, ohhh.

Things have changed and you want me in your life now,  
It never rained so hard until you came around,  
Now I'm ..... in your house I'm screaming lie down,  
Bitch I'm tryna let you know.

(cause now you got that..)

(Screams)

We will never love until we're fucking dead

(Screams)

And we will never love you

CHORUS:

And we will never love,  
And we will never die,  
I fall asleep until I'm walking on sunshine,  
And we will never love,  
And we will never die,  
I fall asleep until I'm walking on sunshine.

Yeah we be breaking the law,  
We'll be breaking your jaw,  
We'll be breaking the wall with your fucking .....  
Yeah we be breaking the law,  
We'll be breaking your jaw,  
We'll be breaking the wall with your fucking .....

(Screams)

Why did you have to leave me?

(Screams)

Fucking bitch

You fucking bitch  
You fucking bitch  
You fucking bitch  
You fucking bitch
