

There he go lookin sexy as a smore
On a cold camp night
And there she goes sleepin in a pin and she ain't even treating
you right
I'd give her some advice but I want him for my damn self
So she gotta move on cause im up next

Too many ways in a million
Too many ways Ima make you say my name
Too many ways Ima take you, well if you follow me babe

I don't need the dream but tonight your gonna be dreamless, ner
vous, pretty risky
Yeah yeah gimme some

I'm gettin drunk tonight
Sip [x7]
I'm gettin drunk tonight
Well, Ima sip you right

There he goes again got me so gone
But there she goes again she won't leave us alone
Ima sip in slow motion, make it last forever
Better keep practicing until you know you got it right
And when your perfected Ima need it like day and night

Too many ways in a million
Too many ways Ima make you say my name
Too many ways Ima take you, well if you follow me babe

I don't need the dream but tonight your gonna be dreamless, ner
vous, pretty risky
Yeah yeah gimme some

I'm gettin drunk tonight
Sip [x7]
I'm gettin drunk tonight
Well, Ima sip you right

Boy you got me
Out here wit a flashlight
In the day time
Looking for you
Ooo what you want me to do
Boy I'm gonna make you mine
Oooh dont make me tell you another time
I can't hardly wait
