

Are You Mine?

Bros

Three o'clock in the morning
As my day is dawning
The early bird is singing
I should be sleeping now
Can you see it in my eyes
I bet it comes as no surprise to you
And you know my heart is yearning
For your love

Are you mine, Are you mine
We will stand the test of time
Are you the one and only girl

Darkness of no-man's land is close at hand
A perfect pair of love's declared
(no protection= from my lovin'
I have thrown away my pride
I just can't be denied no more
I can feel my world rotating (gyrating)

Are you mine

Are you mine, are you mine
We will stand the test of time
Are you the one and only girl

Distance makes the heart grow fonder
There are the words that make time take longer
Out of sight out of mind
You know there are the words that blow my mind

Distance makes make our love much stronger
My lonely nights make my memories fonder
Out of sight out of mind
You know these are the words that blow my mind
You know they shatter into love, into love

Are you mine ,are you mine
We will stand the test of time
Are you the one and only girl.
