Well if the sun should fall from the sky tomorrow

**B**

**F**

If the rain brings a tear to your eye, I would share your sorrow

**F#m**

**F7**

**B**

if you must go then take your leave, our love was strong,

**Ebm**

our love was sweet

**F#m**

**F7**

**B**

But we were walkin' on the wild side, runnin' down a one way street

**F**

In the night I see only the fire in your eyes,

**B**

**F**

the morning light brings the shadow of your lies

**F#m**

**F7**

**B**

**Ebm**

so the change has come today and for our wrongs we must pay

**F#m**

**F7**

**B**

we were walkin' on the wild side, runnin' down a one way street

**B**

**F**

Oh my darlin I must I must confess

**B**

**F**

this can't be love, no I am just a man possessed

**F#m**

**F7**

**B**

**Ebm**

And we the tied has turned today, we can turn and walk away

**F#m**

**F7**

**B**

Cause we were walkin' on the wild side, runnin' down a one way street

Oh yes, we are

**F#m**

**F7**

**B**

Girl we're walkin' on the wild side, runnin' down a one way street
