

## Vision

## Brutal Truth

Vision - can't find any  
real reasons  
vision - can't find any solutions

Can't you see the flaws  
in your decisions  
enslaving sound for your  
money hungry cause  
fact is, you're fucked in the end  
bastard, we laugh and watch  
you fall

Vision  
i don't care  
too blind to feel their kind...
