

## San Simeon

Bryan Ferry

Walk up the driveway endlessly curving  
Go through the front door, it's so inviting  
Baronial great hall once so exciting  
Haunted by shadows faces in hiding  
Chair by the fire, I feel a tremor  
Silent reminder you used to be there  
You are the princess, my wand doth wake you  
Fantasy playmate candlelight lover

Teasing in French lace, exotic promise  
So undemanding, yet understanding  
Each wall a picture some of his best work  
Delicate touches, they're simply charming  
Coffee table culture full color pages  
Props archetypal floral arrangement  
Stereogram cabinet, walnut veneer  
True reproduction no one can hear

Tiger skin rug love I stroke you bite me  
Executive leather upholstered tightly  
Bar in the next room, cocktails at seven  
Soft lights, sweet music lounge through eleven  
Let's walk in the garden, French windows open  
Patio paving concrete and crazy  
Roses in blossom, they're doing well this year  
Geranium pattern shrub topiary  
Lie on your lush lawns, waterfall bubbles  
Drink at my fountain, forget all your troubles.
