One day all the children of the world Will be as one, have peace and fun Open up your hearts and look around Snowflakes falling, Santa's calling So we sing our song It's X-mas time The stars are bright It's X-mas time Oh, silent night Hold my hand we'll make it right Oh oh oh, this X-mas time Mamma, Pappa, me and all my friends We'll be together, come whatever I'm so happy I can hardly wait Slaybells ringing, choirboys singing They're singing our song It's X-mas time The stars are bright It's X-mas time Oh, silent night Hold my hand we'll make it right Oh oh oh, this X-mas time I am standing by the window There's snow outside my room Thought I heard the slaybells ringing Hope my wishes will come true

It's X-mas time
All around the world
It's X-mas time
Every boy and girl
Snowflakes falling over us
Oh oh oh it's X-mas time
