

# A Devil Like Me (Needs an Angel Like You)

Buck Owens

Well, a devil like me  
Needs an angel like you  
To really tame me down.  
'Cause if this devil  
Had an angel like you  
I'd stop my runnin' around.

I'd stay at home  
Like a good man should  
And never ever make you blue.  
'Cause a devil like me  
Needs an angel like you  
You bet your little hearty do.

Well, I never been one  
For steady girls  
I've always played the field.  
This warning, that warning  
Ever other which one  
Was just another spin of the wheel.

But when you've walked in  
With your big green eyes  
And your pretty little dress of blue.  
I knew a devil like me  
Needs an angel like you  
You bet your little hearty do.

Well, if a devil me  
Had an angel like you  
I'd change my reputation.  
But a devil like me  
With a shady past  
Ain't got no recommendation.

I give you real love, true love  
A whole lotta sweet love  
And I make your every dream come true.  
Yes, a devil like me  
Needs an angel like you  
You bet your little hearty do.

Well, a devil like me  
Needs an angel like you  
To really tame me down.  
'Cause if this devil  
Had an angel like you  
I'd stop my runnin' around.

I'd stay at home  
Like a good man should  
And never ever make you blue.  
'Cause a devil like me  
Needs an angel like you  
You bet your little hearty do...
